Pursuing career in global educational development practice with vast interest in inclusive education, advocacy, and social inclusion of children with disabilities, universal policy design, and disability inclusive development. Experience in analytical writing, data collection and qualitative research methods. With passion for using technology (artificial intelligence and machine learning) to drive inclusive education for children with special needs.

Research Interest

Education rights of children with disability, social inclusion of children with disability, universal policy design, gender responsive education in emergency, migrant children educational needs and right, technology and inclusive education.

Experience

Foundation for All Action Research Internship

Research Intern

Jan – June 2021

Collaborating with the team, I contributed to the process of literature review by extracting information from articles, critiqued, and analyzed publications related to increasing access to education for the refugees in higher education. I summarised literature review and participated in monthly group meetings and discussions.

Osun State College of Education, Ilesa, Nigeria Department of Educational Foundations

Assistant Lecturer

July 2019 – May 2020

With good communication approach, I instructed and taught foundational special education courses to 100 level college students in the Department of Educational Foundation. I facilitated the development of teaching materials, preparing, giving mid-term tests, and grading examinations scripts. I coordinated and supported the Head of Department in keeping students' records, and grades. Also, I engaged in coordinating staff meetings, seminars, and conferences.

Mozisha International Limited

Research Assistant

Remote

Jan – April 2020

I conducted desktop research using books, journal articles, research papers, questionnaires, surveys, polls, and interviews to gather data.
